Location: Hatvan, Hungary Number: +(36)-50-137-4705 [linkedin.com/in/kevin-laczko-938043267/](https://www.linkedin.com/in/kevin-laczko-938043267/)
Date of birth: 13-02-2007 laczkokevin60@gmail.com webease.hu/Portfolio/

I am a motivated and development-focused IT technician student who independently acquired the fundamentals of web development even before commencing my secondary education. Currently, I am enrolled in the five-year "IT System and Application Operator" program at Széchenyi István Roman Catholic Technical School and Gymnasium, where my studies concentrate on system administration, networking, and virtualization technologies.

In addition to my formal education, I have successfully completed Dr. Angela Yu's Full-Stack Web Developer course on Udemy, as well as a PHP-focused training program. I continuously expand my practical knowledge through personal projects, with particular attention to modern front-end technologies (HTML, CSS, JavaScript, React) and back-end foundations (PHP, MySQL, Node.js, Firebase).

I am open to junior developer or IT internship opportunities where I can apply my acquired knowledge and further develop in a professional environment.

Work experience

Hatvani Strandfürdő | Lifeguard

Hatvan, Hungary | June 2021 – August 2024

- Ensured the safety of swimmer by monitoring pool activities and enforcing safety regulations.
- Provided first aid and emergency assistance when necessary.
- Maintained cleanliness and orderliness of the pool area.

Freelance Full-Stack Developer

Remote | January 2023 - Present

- Designed and developed responsive web applications for various clients, utilizing technologies such as HTML5, CSS3, JavaScript, and React for front-end development.
- Implemented back-end functionalities using PHP and Node.js, and managed databases with MySQL and Firebase to ensure robust data handling.
- Optimized website performance and ensured cross-browser compatibility to enhance user experience.
- Managed version control and deployment processes using Git and GitHub, maintaining code integrity and facilitating seamless updates.
